

Hygienic Design Of Food Factories

Hygienic Design of Food Manufacturing Premises Dr. John Holah Technical Director IFTS Hygienic Design Conference 25 th February 2016

Hygienic Design of Food Manufacturing Premises - IFST

Food safety is vital for consumer confidence, and the hygienic design of food processing facilities is central to the manufacture of safe products. Hygienic design of food factories provides an authoritative overview of hygiene control in the design, construction and renovation of food factories.

Hygienic Design of Food Factories | ScienceDirect

Food safety is vital for consumer confidence and the sanitary design of food processing facilities is central to the manufacture of safe products. This book provides an essential overview of hygiene control in the design, construction and renovation of food processing factories.

Hygienic Design of Food Factories by John Holah - Goodreads

Hygienic design of factory buildings The risk of contamination of food with microbes is proportional to the number of microbes in the environment. A hygienic food factory therefore must be designed to keep the number of microbes low and that requires:- • The interior of the factory must be cleanable and hence, surfaces must be smooth and free from crevices. Special attention should be paid ...
